

Hi Mr Brown

Hi me Tumi. I haven't written to you in a long time so I have got a lot of things to tell you.

I have really enjoyed my time at ~~high~~ high school. I have learnt new things and made a lot of friends. Jeffe has done a lot for me in this short time that I have been there. I'm very thankful that I was given the chance to go to such a great school. I'm enjoying every moment at school and so far I have got no regrets being at Jeffe Academics. I'm not doing too bad but I'm coping alright. On the sports field is where I have really enjoyed myself. In the second term, I was planning on playing rugby but then when I saw the ~~size~~ ^{size} of some of the guys playing, I kinda of changed my mind. So I went on to play hockey and I found out that I was actually a pretty good hockey player. I really enjoyed playing hockey and my ~~talent~~ talent was ~~not~~ noticed by the other coaches of older age groups so sometimes I would go ~~and~~ and play for the under 15 and 16's. Playing for the older age groups helped me a lot by getting better as a hockey player. Then in third term it was the Athletic season and I made the long ~~distance~~ distance teams. I was very happy because I came ~~first~~ first in my race at the Inter-house ~~athletic~~ athletic. The athletic season was very hard because the coach made us run to our fullest potential. A very rare activity took place at our ~~school~~ school and that was

we had a soccer season and that went very well
I made the under 14 A team ~~but~~ but then I ended
up playing under 15's because I'm a decent soccer player.
That's pretty much everything I have done so far
at high school. There's hasn't been 1 dull moment at
all. Thanks Mr Brown.
