

Dear Trevor Van Staden and Dale

I went on rowing camp on the short holiday we had and it was tought

My mother also got married and it was wonderful and I enjoyed it a lot it was fun but before that I went to rowing camp and I was hard on all of my crew members but we made it and we left there with a lot of blisters and pains we also ran 12km the one day and when we came back it started to rain. We had to row 12km and more every day and at 22:00 we had to do PT in our jacks and with towels we also had to swim and hold bridges for two minutes and then go and run but it was very fun and exiting I hope I meet with you again

I like to thank you again for supporting me at school and giving me the <sup>training</sup> scholarship

Dear Mr. Trevor Van Staden

I heard that you are going to take us to the dam/lock with you and I am so excited ☺

I sent you a letter a ~~not~~ while now and you must hear what happened I got a good report on my second term and I have been training hard for rowing and athletics. I also had the thought to go to tsessebe and I can now row one kilometer in 3:30.49 but my coach wants me to go down to 3:20 at least I am also doing athletics and the events I compete in is 1500, discus and I bench shot put but I ain't good in athletics. I also do first aid we have over training high this weekend 14 September 2009 and I think I'm going to enjoy it. I try to do as many things as possible and I also try to make my life easier by getting a good report.

The dam/lock plan can be on any weekend in november I'm not busy then
